Wednesday, February 6, 1985

With daughter Carrie in tow, Jane Heyes leads a group of cross-country skiers over one of the picturesque trails in the Haliburton Highlands. The occasion was the annual Family Day organized by the Haliburton Highlands Cross-Country Ski Club.

Residents will vote on ward system

When the municipal elections are held next November voters in the municipality of Anson, Hindon and Minden will not only be asked to make a choice between the candidates for council, they will also be asked whether or not they favour the establishment of a ward system in the municipality.

Currently the council of the municipality of Dysart et al is the only jurisdiction in Haliburton County that is elected under a ward system. The Reeve and Deputy Reeve represent the municipality as a whole, but the councillors are elected by and represent the voters in specific geographic areas of the municipality.

If a majority of voters in the municipality of Anson, Hindon and Minden vote in favour of a ward system a committee will be established to decide on the boundaries of each ward based on population figures. Then, following the mandatory provincial approval, the system will take effect during the municipal election in 1988.

In the meantime, Council is experimenting with a form of the ward system on the 1985 Roads Committee.

Rather than basing the boundaries of the "wards"

on population figures, the boundaries follow the two major highways and the town limits of Minden.

Under the new system residents of each of the four "wards" who have complaints or requests concerning municipal roads will be directed to the member of Council who represents that area. It will then be the responsibility of that member to investigate the

complaint or request and report to the Roads Committee at their regular meeting.

The Roads Committee is made up of all members of Council, the Roads Super-

intendent Earl Kent and Community Services Co-ordinator Brian Sisson.

Deputy Reeve Ed Pergolas will be responsible for the Town of Minden. Councillor Pat Burk will represent the area east of Highway 35 and south of Highway 121. Councillor Gary Kenney will be responsible for the area east of Highway 35 and north of Highway 121. Councillor Dave Stevens will represent the area west of Highway 35 except for the Town of Minden.

The new system was approved at the regular meeting of Council on January 10.

Reeve McKnight in hospital

Anson, Hindon and Minden Reeve Lyle McKnight has been taken to Civic Hospital in Peterborough after suffering a stroke Sunday morning. McKnight was transferred to the Peterborough facility by ambulance after being taken to Minden Hospital.

According to a member of the family, Mr. McKnight is undergoing tests in Peterborough to determine the severity of the stroke and to determine what, if any

problems, it may have created.

McKnight, a well-known and popular politician in Haliburton County, just

began the third year of his first term as Reeve of the municipality. Last year he had served as Warden of the county. With his brother

Gary, who is Deputy Reeve of Dysart et al, Lyle McKnight operates Haliburton Marine in Haliburton Village.

Don't call us - we'll call you!

Clear Lake residents put on hold

Residents and cottage owners in the Clear Lake area are becoming frustrated and angry with delays in the installation of telephone service to their part of the county.

A spokesman for the group, Carol Puffer, said that some 40 property owners, representing 67% of those who have access to their property off the Clear Lake Road, have indicated they would favour the installation of telephone service.

According to Carol, property owners on the two mile stretch of road between Miners Bay on Highway 35 and the Buller Road intersection in Lutterworth Township, have been trying for a number of years to convince the phone company to install the lines needed to extend phone service, but to no avail. "The telephone company has always been noncommittal," she said. "It's been a long fight which has been going on for six or seven years and all we've been able to get from them is a 'don't call us, we'll call you' attitude."

Another resident of the area, Elizabeth Wright noted that the lack of phone service has had an impact on the development in the area. She said there were four permanent residents on the road, but a senior couple recently moved out, citing the lack of phone service as one reason for leaving the area.

Elizabeth Wright pointed out that the sale of the

home was jeopardized at one point when a potential buyer discovered there was no phone service available.

"We think there would be more permanent residents in the area if we had phone service," Carol commented. She added that most people are concerned about the lack of easy access to emergency services created by the absence of telephone service.

I'm sure there are quite a few people on the road who are reluctant to become involved in various activities, like curling for example, because they cannot be easily reached by phone or cannot let other members know of their plans. But our biggest concern is the emergency aspects of this situation."

The residents of the area must use the pay phone located at the Highway 35 intersection when they want to call out. The phone is not always operational, however, the spokesmen said.

Carol noted that Hydro service has been installed to the homes and cottages in the area so the necessary poles are in place to carry the phone lines.

A spokesman for Bell Canada, Jean Poirier, of the business office in Peterborough, noted that the company has 12 applications on file for telephone installations in the Clear Lake area. The company has developed a plan for the installation of the service but, as the spokesman noted, "There is no definite date or year attached to that

plan. The company has an ongoing plan for extending service to areas not covered by the system," Jean Poirier said, "however there is only so much capital funding available from year to year. We try to allocate the funds the best way possible," she added.

The Bell spokesman said the residents and cottage owners in the area should register with the company business office in Peterborough to ensure that their interest is on record. "I'm not going to make any promises on a date," she said. "It's a matter of the availability of capital funding."

Jean Poirier said she was willing to meet with the residents and property owners in the area to discuss their concerns. She said the phone company has always tried to be co-operative.

The comments may carry little reassurance for the residents and cottage owners of Clear Lake Road who have been actively seeking phone service for more than five years. They have been told previously by Bell employees that the installation of service has been scheduled for discussion in December 1987. As far as the group represented by Carol Puffer and Elizabeth Wright - that is just too long. They feel they have waited long enough that that phone service should be installed as quickly as possible.

Other Mindens

Minden, Nebraska, U.S.A.

by Hilde Lange

We all knew the first snow had to come sooner or later, but when it waited until December 13th to show up, it seemed like a big surprise to everyone. Having been lulled into a feeling of security by an extremely pleasant autumn, the 6 inch snowfall seemed like a real old fashioned blizzard.

The Minden Christmas pageant was presented as scheduled on the first two Sundays of December. The exceptionally mild weather brought out one of the largest crowds in years to witness this beautiful holiday presentation, and the lighting of the Christmas lights in The Christmas City.

The Chamber of Commerce had a contest this year designed to encourage residents to decorate their homes with displays of outdoor lighting. The thousands of visitors who converge on Minden for the Christmas pageant, also drive through the residential neighborhoods to view the holiday decorations. There was a "Phantom Santa Claus" who picked a winning display each week.

Now it is time to get back to the more serious, after-the-holidays business. One of the most serious items of business in Minden lately has been the city council meeting. After being a small town that was ignored by the surrounding larger towns, Minden has suddenly become interesting enough to have the City Council meeting covered by reporters from the Kearney Hub and Hastings Tribune. Local residents find this attention amusing and much prefer that Minden attain prominence as The Christmas City.

The current controversy revolves around the Minden Airport. It seems that the Minden Airport Authority is in line for a grant of \$390,000 from the Federal Aviation Authority. Aviation taxes from the federal government would provide 90% of the money and 5% would come from aviation taxes from the state. The remaining 5% of the money would come from the Minden Airport Authority budget and would not require any changes in the city tax rate.

The controversy is centered around a letter written by our Mayor to the FAA which said that there was no need for the proposed improvements at the Minden Airport.

The letter went on to say "the town is having to struggle to keep going." The mayor also stated in his letter that he foresaw no new industry coming to Minden.

The request for the federal grant originated as the result of a public hearing in 1976. Since that time Minden's application for the grant has been on file and is now reaching the top of the list. However, it could still be three or four more years before the grant actually comes through. The Minden Airport Authority contends that the lengthening and widening of the airport runways is necessary for safety reasons.

At a recent city council meeting it was decided that the council should draft a letter to the FAA stating that the mayor was not speaking for the City of Minden when he recommended the cancellation of the federal grant. The money would be used to lengthen the runway from 2,800 feet to 3,400 feet and to widen it from 50 feet to 60 feet.

There are several aerial crop spraying outfits who fly out of the Minden Airport and keep their planes there. During the summer months the airport which is properly named "Pioneer Village Field" is busy with private planes flying in with visitors to Pioneer Village. The Village provides courtesy cars at the airport for the use of the fly-in visitors.

Minden is also host every year to some national fly-ins, such as the Stinson Club and the Aero-coupe owners. As small town airports go, Minden's is one of the busiest.

So, here we are at the threshold of 1985. Controversies of the past will find their way into the present and future. Will we learn from them?

For many years, Minden city council meetings were so dull that they were not newsworthy. It is refreshing to see that there are some areas of disagreement. It makes everyone stop and think about the various questions and this is good.

We in Minden, Nebraska wish you in Minden, Ontario a very happy new year. May 1985 bring happiness and prosperity to both Mindens. After all, we can always dream, can't we?

St. Paul's plans new hall

Work will begin next month on the construction of a new parish hall for St. Paul's Anglican Church in Minden. Approval of the project was given at a vestry meeting earlier this year.

The project will see the demolition of the existing three floor parish hall to be replaced with a two storey building with the same 28 feet by 50 feet dimensions. The lower floor of the hall will house a large hall, kitchen and washroom. The second storey will have storage areas, an office, study, several meeting rooms and an area for the church's Thrift Shop.

Fr. George Elliott noted that the congregation had considered repairing the existing structure, however after an investigation it was

revealed that the work could cost \$60,000. It was at this point that a suggestion was made to tear down the existing hall and replace it with a new building. A building committee has estimated the new hall will cost \$130,000.

A large portion of the funding for the construction, \$80,000, will be made available to the local congregation by the Diocese of Toronto. The congregation has also been successful in obtaining a Canada Works grant in the amount of \$16,500 for the project. Some \$33,500 will be raised by the local congregation.

Fr. Elliott noted that the present building was in fact moved to its present location from Donald in 1947. At that time a second storey was added which

served as the rectory until 1979. Fr. Elliott pointed out that the building required a great deal of repairs, did not meet the fire code which comes into effect this spring and was costly to heat. The present structure was also prone to basement flooding, hence the plan to eliminate the lower section in the new design.

Demolition of the existing building is expected to begin in mid March. The bell tower and entrance way which serves both the church and the present hall, will also be removed at that

time. Entrance to the church will be gained from the southeast corner of the building during the construction period.

The lower level of the new hall will be wheel chair accessible.

The congregation has embarked on a fund raising drive for the construction work. Several weeks ago the effort had raised \$6,258. It is expected, now that plans have been approved and a date selected for work to start, fund raising will increase with the \$35,000 target in mind.

Little change seen for moose hunting season

submitted

Minor changes in Ontario's 1985 selective moose harvest program will give residents and non-residents more hunting opportunities this fall.

Other than that, this year's moose hunting - which begins October 5 in most areas of Ontario - is pretty much the same as last year.

Changes worth noting:

- Seasons have been set in regulation so that they need not be changed from year to year. The resident season in the far north, for example, will begin on the third Saturday of September in any year.

- Moose hunting will be allowed in the Algonquin area from Monday following October 18 to the succeeding Saturday every year, instead of alternate years, because the validation tag system allows wildlife managers to predictably control harvest levels. This is the first time in more than 20 years that hunting in the area has been allowed two years in a row.

- Wildlife Management Unit 6 - an area served by many lodges and outfitters, will be opened to non-resident moose hunting.

- There will also be a new season for archers in Wildlife Management Unit 3 in northwestern Ontario, thereby extending early archery seasons over northern Ontario.

Hunters are reminded that they must purchase a moose hunting licence before they can apply for an adult moose validation tag in the computerized draw.

Application forms for

tags are provided with the licences, which will go on sale in late March. To be eligible for the draw, applications must reach the Ministry of Natural Resources' Wildlife Branch in Toronto, or an MNR district office by 5 p.m., Wednesday, May 15, 1985. Hunters who entered, but did not receive a validation tag last year, will be given preference to ensure fair tag distribution.

Arena staff members, Phil Nichols and Bob Wells make some adjustments to the plexiglass recently installed at Minden arena. Contributions to the Plexiglass Reserve Fund were used in this first phase of the project which will see the ice surface surrounded by the protective, shatterproof material. Donations to the Fund have been received from Minden Minor Hockey Association, Minden Kinsmen Club, Townships of Anson, Hindon and Minden, Men's Baseball League, Kawartha Dairy, Steven Morin and Dr. Jeffrey Lodenquai. Anyone interested in making a donation to the Plexiglass Fund should contact the township offices.

Man charged after break-in

A Haliburton man has been charged with break, enter and theft following an incident January 30 in Stanhope Township.

According to the police, an intruder entered the Stanhope Market in the morning hours of January 30. Entry was gained to the store, located on Highway 118, by breaking a window. Removed from the premises was approximately \$700

worth of merchandise, mostly cigarettes. The property has since been recovered.

Charged with the break-in is 23 year old Timothy Potter of R.R. 1 Haliburton.

The investigating officers are Constables Al Bibby and Paul Shaughnessy.

Firearms stolen

Police report that a residence on the Scotch Line Road in Anson Township was broken into sometime prior to February 2 and three rifles removed. The rifles have since been

recovered by the police.

Two Minden area young offenders have been charged with the theft.

Constables Al Bibby and Jim Solway were the investigating officers.

Charges laid

A Richmond Hill man has been charged with three traffic violations following an accident early Sunday morning on South Water Street in front of the Beaver Theatre.

According to the police a vehicle collided with the rear of a car parked in front of the theatre, pushing it into the building. Damage to the parked car was estimated at \$1500 with additional damage to the front of the building.

Charged with failing to remain at the scene of an accident, careless driving and failure to wear a seat belt was 28 year old Ronald Hall of the Toronto area.

Constable Dave MacMartin is the investigating officer.

Fuel Oil Consumers: Compare these costs of converting to gas or electricity with a Riello oil burner.

editorial

The ward system (I)

Voters in the municipality of Anson, Hindon and Minden will be asked to vote on a proposal to have the ward system implemented in the three townships. The system, if approved, would mean separate elections would be held for each of the three council seats in three distinct regions of the municipalities. The posts of reeve and deputy reeve would be elected on a township wide basis.

The use of a ward system has appeal, in that residents of a particular area would have an individual politician representing their interests at the council table. Hopefully, the elected member of council would become familiar with the concerns of his or her constituents and the area he or she represents. The ward system might also result in increased interest by property owners seeking political office. The municipality as a whole benefits when the voters have a choice on the ballot.

In many ways, the municipality has already embraced the ward system. The present council, for example, reflects the rural and urban mix of the municipality. Councillor Pat Burk lives in the Ingoldsby area while Councillor Gary Kenney resides in Blairhampton, the other three members of council live in Minden Village. Past councils have also reflected similar divisions.

To a certain extent, the council has adopted the ward system already. The council members, Reeve Lyle McKnight excepted, have assumed responsibility for roads in certain geographic areas of the three townships. The purpose in doing so was to ensure that at least one member of the council has an intimate knowledge of the road problems, projects and prospects in a specific area.

Without imposing a legal structure then, the municipality has already been operating under an informal ward system. Up to this point as well, there has been enough interest in the council seats at each election that voters have usually been offered a real choice based on a number of factors, including geography.

Editor:

On behalf of the Rotary Club of Haliburton, I would like to thank you for your excellent coverage of our 1985 Snowarama for Easter Seals. With your help, we had \$10,008.00 pledged to assist physically disabled children.

Kim Emmerson
Haliburton Rotary
Snowarama Chairman

Editor:

One problem with living in Haliburton County, or any locale for that matter, that is not confronted daily with the intoxicating metropolitan dramas of abortion clinic stake-outs, hate-literature trials, domed-stadium hassles, subway muggings, hourly opinion polls, and the other heady trappings of urban life, is the highly infectious rural malady known as Zucchini Syndrome. ZS is a disorder closely related to sleeping sickness with the singular exception that ZS victims are ambulatory. The most

distinguishing symptom of ZS is an unwavering intolerance of conversation beyond the depths of deer rifles, snow tires, hockey scores, brown lettuce, and the weather.

We all know that at least one carrier of ZS and we should make it our community pledge to help that person beat it. The prescribed treatment of ZS includes no radiation therapy, no surgical entry, no herbal teas. It will take understanding, perseverance, and acceptance of no little amount of verbal abuse if we truly wish to eliminate ZS from the county. The good news is that it has been statistically proven that where ZS has disappeared so too have the insidious side effects of apathy, unconcern, and insensitivity to the world around us.

Scientists have isolated the growth of ZS and identified four distinct stages of infection:

First, incubation best occurs in an environment that supports non-involvement for the most nutritious of reasons, i.e. "What's the

use, I can't do anything about it; who is going to listen to me anyway?"

Second, ZS blossoms and thrives beyond belief when nourished with the coolest of philosophical reasoning, "I'm here for a good time not a long time."

Third, ZS matures and roots for succeeding generations when the host yields totally to the belief, "It's all going to come apart anyway so who cares?"

Fourth, ZS spreads seed and regenerates to the catchy tune, "That's their business, it's got nothing to do with me, let them look after it, I've got my own problems."

Perhaps the most dangerous aspect of ZS is the capacity for some carriers to camouflage their malady and appear quite normal in their day to day activities. Evidence has shown that no field of endeavour, no profession, no group or organization is immune to the effects of such infiltration. When such moles have tunnelled within, they are

outdoors

Federation of Ontario Naturalists

Backdropped by winter's chill, there's a romance to lazing before a crackling fire, watching logs roar up the chimney. But, for those who'll pause a moment, that firewood has another - even more interesting - story to tell.

Every piece recounts tales. Of dry summers and wet. Of forest fires and insects. Many recount lightening strikes, or bitterly cold days when frost burst the tree's very heart.

Others tell of life's little mysteries. Of special adaptations. Or complete, little-world microcosms, with fascinating, predatory beetles and prey, and finely structured animal communities.

Take a lowly piece of elm, now in my hand, sawn from the crumbling giant 'out back'. In remarkable measure, it can recount its complete life history, precisely because it laid down a new ring of wood every growing season. Looking carefully, the large rings recount long, wet springs. And the wizened, little layers tell of the drought years in the '20s and '40s. The unmistakable black, overlain by years of crinoline-like scars recall the forest fires of 1873 and 1922, and the tree's struggle to recover. A sudden spurt of growth that began when the tree was 11 years, suggests that a neighbouring tree fell - perhaps in a mighty storm - allowing growth light through the forest canopy. And the sudden spurt, which endured the tree's last 20 years, tells of agricultural clearing, which freed more water for this elm's growth.

It's sobering to realize that many such trees were already growing when development of the province began. Indeed, at confederation, many of today's state-ly giants were already in middle age.

I feel a certain remorse when a tree of such stature dies. Yet, the death of a single, old tree is not necessarily sad, nor the end of the tree's role in nature. To the contrary, the periodic death of such individual trees allows rejuvenation and helps to maintain the forest as a patchwork quilt of different habitats. That patchwork, in turn, provides the very basis for diversity, and health, of countless species.

Moreover, as these crumbling behemoths slowly rot back into earthen sustenance, they too provide habitat. For hares and rabbits, and countless other small mammals which take shelter, feed or reproduce in their hollows. For grouse, thrashers and chickadees - and literally dozens of other birds - which use the logs as larders and nesting sites. For the predators, which depend

(more on page 7)

For whom the Bell doesn't toll

We've all wanted to escape from the telephone from time to time. Prompted by thoughts of supposed tranquility offered by the "back to the land" philosophy which sought to cut all ties with a modern, demanding society, or perhaps by one of those occasions when the blasted thing just won't stop singing, I'm sure we all considered doing away with the phone.

Of course we all could live without this service...for a while. But for most of us, the link provided by the telephone or that umbilical connection with the nation's Hydro grid, has become a necessity, an accepted norm like indoor plumbing and central heating. (How often have you, when the Hydro service has been disrupted, flicked on a light switch to chase the gathering gloom. You knew in your mind that the service was out at the moment, but your natural reaction was to reach for a switch.)

jack's world

by editor & publisher Jack Brezina

My aversion to the telephone is, like the reaction of most, a fleeting one. While the phone is cursed when it interrupts, it is willingly accepted as a communication tool that links friends, business associates and others in all corners of the country and quite literally, around the world. Its presence in our home or business is taken for granted and it would probably be one of the last modern conveniences most people would give up if they had to.

And so it came as somewhat of a shock to meet individuals last week who were not part of the world-wide telephone grid. Not by choice, but rather by the dictates of the phone company, these residents of Clear Lake Road in Lutterworth Township are without phone service.

As we talked, I came to realize the frustration and alienation that must go with not having the phone right at hand. Of course the emergency links provided by the phone service head the list of those which are cut off. But, perhaps having greater impact on the individuals' lives is the social alienation they experience without a phone.

The residents I spoke to said they were reluctant to join clubs or organizations because of their isolation. They felt it would be difficult to be active, contributing members of a group because of the lack of a phone link.

The telephone also serves as an informal social network, connecting friends, providing reassurance and security to those in a rural area. I certainly wouldn't want to make my annual Christmas Day calls from a cold phone booth at the end of the road, pockets sagging with the weight of quarters.

Those of us who enjoy the regular phone service and who find it to be an intrusion from time to time, may have trouble appreciating what it is like to be without it. I got a small inkling of that a day after my interview with the Clear Lake Road residents was completed. I wanted clarification of a particular point made during our talk and I automatically pulled out the phone book to look up the number of one of the residents. Of course it wasn't there. I might add that a Bell representative to whom I spoke, showed the same reaction. She asked me for the phone number of those people who were complaining they did not have phone service.

We may rail against the intrusion the jangle of the phone sometimes makes into our lives, but it is a sure bet that most of us would be reluctant to give it up.

letters letters letters letters

(from page 4)

largely invisible and only evidenced by the resulting lethargy of the surrounding group.

It is safe to say that ZS is not rampant in our community, and we can be proud of the involvement of our neighbours as individuals and as members of organizations and associations who really care what is going on around them. Yet there are some issues that seem untouchable even for avowed ZS fighters. As soon as subjects such as world peace, overseas famine, industrial pollution and the like are broached we seem too easily to adopt typical ZS postures. "It's being looked after by people who know what to do. There's too much information to digest, I can't handle it. Who is going to listen to me anyway? That's happening a million miles from here, what's it mean to the price of tea in Haliburton County anyhow? If it gets to be a big enough problem it will be solved ... until then it's no big deal. Don't be so naive. What are you after eh? Stop

making waves. Relax."

I don't buy any of it. The issues are understandable. The issues are solvable. The answers are with the individuals and no one has to become a professional politician to see them and act for them. Ambition has nothing to do with it except the ambition to live in a sane world. Making waves is the process, sound waves.

Our federal government now believes the Reagan 'Star Wars' plan to defense Soviet missiles in outer space with lasers and neutral particle beams is worth supporting at the research level. Mr. Clarke has said so. Mr. Mulroney has said so. Darth Vader and the Death Star are no longer comic book theatre. President Reagan's three major Star Wars supporters (Zbigniew Brzezinski, senior advisor to the Center for Strategic and International Studies, Robert Jastrow, physicist and founder of the Goddard Institute for Space Studies, and Max Kampelman, head of the USA delegation to the latest arms negotiations) all concluded that, "As our strategic space-defense

initiative (ASI or Star Wars Plan) expands incrementally, it should be realistically possible to scale down our offensive forces." They go on to say that if the Soviets and the USA both can defense each others missiles in outer space then there will be no incentive for either to attack first. We would then have peace. Polly-wog piddle.

To their credit these three gentlemen also said, "No significant public policy can be carried out in a democracy without being fully discussed and accepted by the public." That's an American statement that should have had a Canadian equivalent before our federal government jumped in to support the Star Wars concept.

What can you do? Plenty. First you can look up at the stars tonight and decide if you like the idea of permanent space stations orbiting overhead with the most lethal weapons mankind can devise on board to do battle a-la-Luke Skywalker. Next you can send a letter to Mr. Mulroney to tell him he is

wrong to support such a scheme. Tell him to tell the USA and the USSR to use the upcoming negotiations to control the weaponry that is here on this planet today.

Finally, you can write your local council, and county council, and tell them to put this issue on their agenda right beside the road closures, and snow ploughing costs. If we don't soon learn that is where world issues like military spending, famine, and pollution belong, right beside the road closures and snow ploughing costs, then it will be necessary for botanists to include a classification for the newest member of the plant kingdom ... homo zucchini.

Gary Kenney,
Blairhampton.

CAN YOU GIVE ME A NAME?

NAME THE CAT CONTEST

Pupils aged 6 - 12 are invited to help name the "CAT". On a piece of paper, state the name you would like for the Cat, as well as your name, age, telephone number, school and grade. Also, one of the following:

1. Picture
2. Poem
3. Short Story

concerning the Cat-Scan, that you have created yourself.

from the chamber

The Arts and Crafts Community of Haliburton County make a significant contribution to our local economy as well as enhancing the quality of life of our residents and visitors.

The Chamber of Commerce, in recognition of this contribution, has arranged a special membership for artists and have incorporated Artist Studio Tours into their market plan for 1985.

A special meeting has been arranged for Monday, February 11, at 1:30 p.m. at Sir Sandford Fleming College in Haliburton. At this meeting we will introduce the programme and exchange ideas. Anyone involved in arts and crafts

should plan to attend. This programme is at the formation stage now, and we welcome your ideas.

Sportsmens Show

The Sportsmens' Show will open in Toronto on March 15. All members wishing to display their brochures, or to participate in the show, should contact the Chamber office as soon as possible at 286-1760.

New members

The chamber welcomes the following new members to the association:

Amelia Corporation, owned by John and Jean Wittman of Spruce Lake, Haliburton. This company manufactures umbrella enclosures that keep out black flies and mosquitoes, allowing you to enjoy your patio to its fullest during the beautiful summer months. Mrs. Wittman tells us the umbrella enclosure will possibly be displayed at Newbatt's in Haliburton.

Pine Ridge Inn, R.R. 1 Norland, now owned by Tom Ecclestone and Steve Lacy. It is located at Miners Bay on the shores of Gull Lake. We wish the new owners luck in their new venture. 286-3339.

Rip's Sleepy Hollow, owned by Brian and Charlotte Watts, is located on the west side of Pine Lake, a quiet place to rest in a picturesque setting with acres of playground for children and a clean lake for swimming, fishing and water skiing. Pick up one of their colourful brochures at the Chamber of Commerce office. It's the one with the intriguing picture of Rip Van

Winkle.

Paul Petric Construction Ltd., Box 733, Minden is owned and operated by Paul Petric 489-2233. Mr. Petric is engaged in Log and Timber Construction, and is located at Concession 9, Lot 18 and 19, Minden.

Paudash Trail Blazers Snowmobile Club. This club covers a wide area of trails servicing the Cardiff, Wilberforce, Harcourt, Tory Hill locations and is run by a fine group of dedicated snowmobilers. For brochures, rates, etc. call the Chamber of Commerce office at 286-

1270 or for more information regarding the club and trail conditions call Vic Poulin 705-448-2810.

Lutterworth Valley Trailer Park is owned and operated by Ingram Wessell and is located near the Haliburton Boundary above Norland, off Highway 35. There are over 50 sites available. We welcome them as new members and wish them well in the coming season. For more information call 454-8191.

Coming events February 9

St. George's Anglican Church in Haliburton will hold their Camboose buffet with proceeds to go to their building fund. \$10 per person, children under 12 \$5.00.

Tyke Tournament to be

held at the Minden Community Centre beginning at 8 a.m. For more information 286-1108.

Valentine's Dance at the West Guilford Community Centre and buffet. \$10 per couple sponsored by Lion's Club.

Valentine's Dance at Minden arena sponsored by Minden Kinettes. Age of majority a must. For more information 286-2550.

February 15 to March 2

Rails' End Gallery in Haliburton will be having exhibition Haliburton Past and Present along with the Winter Carnival Sale. 457-2330.

February 15 - 16

Carnival Curling Bonspiel in Haliburton. 457-2830.

Haliburton Rotary Winter Carnival to be held around the willage with many events including fish derby, ice sculpture contest, curling, teen dance, hockey games, snowmobile races, bake sale, figure skating, etc.

Wednesday, February 6, 1985

For more information call 457-1328.

February 16

Stump Jumpers - Snowmobile Rally will be held in Gooderham. There will be a

variety of family activities centred around the recrea-

tion centre. For more information 447-2410.

Utilities Committee - Phil Graham, Gene Newell, Clerk-Treasurer Beverley Millar and council representatives Lyle McKnight and Ed Pergolas.

Fenceviewers - Peter Bennett, Stan Blears and Don Holden.

Wolf Bounty Officer - Municipal Bylaw Enforcement Officer Dick Schell.

Police issue warning

While most crimes of a serious and repugnant nature have been confined to the larger urban centres, the OPP in Minden have issued a warning pointing out that the rural areas of the province are not totally immune from these kind of incidents.

The occurrence in question took place in Bracebridge. According to police, a man approached an eleven year old boy and offered him a ride in his pickup truck. The youth declined the offer, but the man then attempted to force the boy into the vehicle. The lad was able to wriggle free and fled the scene.

The man was described as being approximately 30 to 40 years of age, approximately 5 foot, 6 inches tall, overweight with blond hair and balding in the middle. The truck was described as being light brown or sandy gold with lots of rust.

The police relate the details of this incident as a warning to parents that this sort of criminal activity can occur in this area.

Outdoors

(from page 4)

upon these mammals and birds. And for reptiles and salamanders, whose very survival is based upon the rich buffet afforded by the creeping, seething mass of invertebrate life which gnaws and saws, hunts and flees, all within the log's steely shell.

Forests, clearly, are much more than short-term tree crops. Rather, they are vibrant ecosystems, hundreds - or even thousands - of years in the making. They also make the point - to all who will listen - that we should be managing our forests not so much for us as for our grandchildren.

That next piece of firewood has a tale to tell.

It's a purely recreational show.

Camping on Wheels is a show for the purist. The person like you who loves the freedom of taking to the road.

And this year the show has moved to the Convention Centre at the base of the CN Tower, one of Toronto's most popular tourist attractions.

This new, bigger location means you can see even more Canadian-built recreational vehicles, all certified to CSA Z-240 quality and safety standards.

So whether you're thinking of making that first purchase or upgrading the vehicle you already have, come to the show that's been planned for you. The one designed for your pure recreational pleasure, and sure to be your road to the good life.

Sunday Noon - 7 p.m.	

A CANADIAN NATIONAL SPORTSMEN'S SHOW.
A non-profit Corporation dedicated to Canada's outdoor heritage.

New bills tabled

- by Bill Scott, MP -

Another of the proposals we brought forward last summer was tabled as legislation in the House of Commons on January 25.

The Hon. Jake Epp, Minister of Health and Welfare, presented a bill which will amend the Old Age Security Act to extend the monthly Spouse's Allowance benefits to all low-income widows and widowers aged 60 - 64. All low-income widowed persons in this age group will become eligible to receive the Spouse's Allowance regardless of when their spouse died. This will

take effect September 1985. It is estimated that 85,000 widowed persons, mostly women, will benefit from this change.

Business loans

On January 23, the Hon. Sinclair Stevens, Minister of Regional Industrial Expansion, announced the extension of the federal loan guarantee program under the Small Businesses Loans Act (SBLA) from April 1, 1985 to March 31, 1990.

The Small Businesses Loan Act underwrites losses of business improvement

loans made by chartered banks and other designated lenders to small businesses. Loan funds under SBLA can be used to purchase equipment; purchase, build, or modernize business

premises and buy land for the operation of a business. Loans must be secured and repaid within 10 years.

The maximum interest rate that lenders may charge

is bank prime plus one per cent, the rate floating with the bank's prime for the term of the loans.

New leader
On a different note, I want to congratulate the Hon. Frank Miller, on his selection as Leader of the Progressive Conservative Party in Ontario. I am sure that his background, and the fact that he comes from our part of the province, will auger well for our relationship with the new Premier of Ontario.

Lake is a cesspool

- by John Eakins, MPP -

The question of a secret Environment Canada report stating that Lake Ontario and the quality of its drinking water are in imminent danger of "ecological collapse" was raised in the Legislature during the last session. According to the report, Ontarians are already being contaminated with unacceptable levels of toxic chemicals and unless immediate action is taken the situation will get far worse.

Opposition Parties at Queen's Park have obtained copies of the document, based upon which charges have been made of the province allowing the lake to turn into "a liquid Love Canal", "a poisoned chemical soup" and a "cesspool".

Liberal Deputy Leader Sean Conway, who participated in the allegations, expressed concern that when the report was actually released it would be in a "sanitized" version, and

would not contain the same damning information which was included in the summary which had become available prematurely.

The document clearly shows apparently that Lake Ontario has become a health hazard to the four million people in the province whose drinking water comes from Lake Ontario.

In the Legislature, the

leaked document ... A Layman's Guide to the Niagara River Toxics Committee Report - the Canadian Position ... was quoted quite extensively.

According to the document, some 57 of the 261 chemicals identified in the study have been detected in the Niagara River and Lake Ontario "at levels which are considered to pose a human health or environmental risk."

"It is clear that the whole Niagara River eco-system is being contaminated with a large variety of man-made chemicals, some of which

are known to be individually dangerous and the combined effects of which are unknown."

The report's conclusion is that "current contamination levels are too high, and must be reduced to zero as soon as possible to avoid inevitable and irreversible environmental damage, the details of which cannot be accurately predicted."

We are warned in the study that if nothing is done, "inevitably concentrations of contaminants will rise to a level which will result in an ecological collapse of the lake."

Parade winners

The winners in the annual Kinsmen Winter Carnival parade were: In the non-commercial category:

1st - Minden Nursery Play float. 2nd - The CJ '85 float entered by the Minden Scouting Group. 3rd - The Minden Gospel Church Youth float.

In the Commercial category:

1st - Cox's Apparel. 2nd - The Brown Owl.

Monday Ladies League

The second schedule has already begun but this league has yet to name a victor from its first schedule. The hold-up is a make-up game between Norma Burk and Cheryl Murdoch that has yet to be played. It's outcome has a direct effect on the final standings.

At present, Lois Titus and Shirley Colliss share top spot with Murdoch at 45 points. In fourth spot is Marion Anderson with 35 points while Burk and Gwen Cox share fifth spot with 30 points.

Should Murdoch win or tie her last game, she will be the champion. However, if she loses, a tie-breaking method will be used to determine the league winner.

Tuesday Men's League

Following eight weeks of play, John Dicker's foursome of Roy Colliss, Ken Wesley and Al Coneybeare have captured the men's league laurels. Dicker finished with 65 points from an excellent 6-1-1 record.

Closely behind, in second spot, was Herb Gill's team, finishing with 60 points from a 6-2 tally. Third spot went to J. O. Jackson's rink with a 5-2-1 record and 55 points.

Jim Burton's side captured fourth place with a 4-2-2 record and 50 points.

The following is the order of finish of the remaining teams: Paul Prentice, Dwight Thomas, Stan Blears, Jerry McKelvey, Jim Garbutt, Bill Roodenburg, Bob Austin and Bill Dillon.

Thursday Mixed League

The big winner in this league is the Paul Prentice foursome of Patti Prentice, Murray Bettlestone and Marian Mathers. Paul's team ended up with 75 points from an almost perfect 7-0-1 record.

Second place went to Bill Roodenburg's group which had a 6-2 record and 60 points.

In third, with 60 points from a 5-1-2 record was Neil Burk's quartet. Howard Scott and team took fourth place with a 5-3 record and 50 points.

The remaining order of finish was: Jim Burton, Brent Murdoch, Norm Harrison, J. O. Jackson, Jerry Pillsworth and Sally Bonner.

Friday Mixed League

Top spot went to Laurence Loughheed's team of Anita Beaver, Russ Paul and Sharon Martin. Laurence and crew went undefeated, sporting a 6-0-1 record - good enough for 65 points.

Second place was grabbed

by Bill Dillon's team which amassed 55 points from a 5-2-1 record.

In third place was the Herb Roodenburg quartet which had a 4-2-2 record and 50 points. John Dicker's rink took fourth place with 45 points from a 4-3-1 record.

The remaining finishers were foursomes led by: Gary Anderson, Barry Marshall, Don Blakey and Keith Oitment.

Pack it out

submitted

At this time of year many people are enjoying out-of-doors winter activities such as ice fishing, snowmobiling, cross-country skiing or even tobogganing and ice skating.

Whatever the activity, it is always a pleasure to find recreation areas unspoiled. Unfortunately this is not always the case. Favourite spots are too often found littered with lunch refuse, pop and beer bottles or tins, and other garbage. Each season many sites must be

cleaned up by other concerned persons, or in many cases, by staff from the Ministry of Natural Resources.

How many times have you seen where thoughtless persons have left garbage and debris along your

favourite trail or around your favourite ice-fishing spot, and muttered to yourself, "there ought to be a law?" Take heart! There is a law and if violators are caught, they can be prosecuted. There is provision under the Public Lands Act whereby an offender is liable to a fine of up to \$500.00.

As the March 31st deadline approaches for removal of fish huts from our lakes, a

genuine effort to ensure that the sites are left clean and tidy should be an accepted responsibility of all good sportsmen. The same applies to winter trail users in the area.

After all, if you can pack it in full, surely you can carry out the empty container. A good example to others in this regard may just be contagious.

NOTICE

IN THE MATTER of the Municipal Act; and IN THE MATTER OF a proposed By-law of the Corporation of the Townships of Anson, Hindon and Minden to stop up, close and convey to the adjoining landowners part of the 66 foot 'unopened' Original Shoreline (Marine) Allowance for Road around the shoreline perimeter of Mountain Lake.

NOTICE IS HEREBY GIVEN pursuant to Section 301 (1) of the Municipal Act R.S.O. 1980, as amended, that the Council of the Corporation of the Townships of Anson, Hindon and Minden at its regular meeting to be held in the Municipal Council Chambers, Milne Street, Minden on Thursday, March 14, 1985, proposes to consider and, if deemed advisable to pass a By-law to stop up, close and convey the above-noted portion of shoreline allowance more particularly described as follows: -

ALL AND SINGULAR those certain parcels or tracts of land and premises situate, lying and being in the Township of Minden, in the County of Haliburton, and being composed of that part of the original 66 foot shore road allowance along the shore of Mountain Lake lying in front of part of Lot 7, Concession 8, in the said Township, and designated as Parts 1, 2 and 3 according to a Plan of Survey deposited in the Registry office for the Registry Division of Haliburton as Plan 19R-3216.

AND FURTHER TAKE NOTICE that before passing said by-law at the meeting to be held at the time and place mentioned, the Council shall then and there hear in person or by his Counsel, Solicitor or Agent any person who claims that his or her land will be prejudicially affected by the said By-law and who applies to be heard.

DATED at MINDEN this 1st day of February, 1985.

PeeWees win playoff games

Outstanding individual efforts by Kent Taylor and Rob Ackerblade were key factors in a pair of playoff wins by the Minden Pee Wees this past week.

Minden has improved with every game during the four team round robin series.

They lost their first game by a score of 6 - 3 to Little Britain, tied the second game, 4 - 4, against Bobcaygeon then skated to a 9 - 5

win over Bobcaygeon on Thursday, January 31.

On Sunday, Minden hosted Cannington and scored a convincing 11 - 2 win against the visitors.

Rob Ackerblade led the way in Thursday's victory scoring five goals in a row.

After Bobcaygeon opened the scoring early in the first period, Rob knocked in four goals in less than four minutes to put Minden

ahead 4 - 1 at the end of the period. Assists went to Corbie Kent with three,

Kent Taylor, Dave Lee and Joey Boyle with singles.

Rob added another goal in the second period on an assist from Joey Boyle then left the rest of the scoring to

his teammates Joey Boyle and Kent Taylor who notched a pair of goals each in the third period. Rob and Corbie Kent picked up an

assist each in the final period in which each team scored four times, but with the five goal performance by Rob earlier in the game, Bobcaygeon was unable to catch up, and Minden had their first win of the playoffs.

On Sunday, February 3 Kent Taylor set the pace scoring five goals and assisting on one other in Minden's 11 - 2 victory over Cannington at the Minden Arena.

After a close first period that saw each team score a goal, Kent Taylor knocked in four unanswered goals in the second period.

Cannington added their second marker to begin the third period then Minden finished off the game with five goals in the last four minutes of play in the game.

Adding to the five goal performance by Kent Taylor were Corbie Kent with two goals and an assist, Rob Ackerblade, Joey Boyle and Randy Bull a goal and two assists each, Darrin Sawyer a goal and Hunter Obee and Dave Lee with an assist each.

On Sunday, February 10 Minden will host Little Britain at the Minden Arena. The teams face off at 4:00 p.m.

Foamblowers end season on top of league

The Rockcliffe Foamblowers' 6 - 1 win over Hall's Insurance on Monday ended a perfect season for the team.

The Blowers were undefeated throughout the 13 game regular schedule and ended the season at the top of the standings in the Minden Men's Recreational League.

In the second game played Monday night Vasey's Real Estate soundly defeated The Times 16 - 2.

On Thursday, January 31, Hall's skated to a close 5 - 3 win over Hartwick Construction.

Scoring for Hall's were Lawrence Loughed with two goals and an assist, Joe Giles with a pair of goals and Barry Walker with a single marker. Single assists went to Dave Dollo, Peter Walker and Dennis Weaver.

Jeff Campbell with a pair and Leigh Bull were the scorers for Hartwick. Assists went to Murray Clarke, Greig Carpentier and Peter Pearson.

Sid McKeighan led the way for the Blowers in their game against Hall's on Monday night scoring a pair of goals and assisting on three others.

Jim McKelvey with a pair of goals and an assist, Dave Hartwick a goal and four assists and Andy Campbell with a goal rounded out the scoring for the Blowers.

Assists went to Dan Brohm with a pair and Dave Pettes with a single.

Lawrence Loughed scored the lone Hall's marker after taking a pass from Joe Outram and Dennis Weaver.

In the second game played on Monday evening every player on the Vasey's Real Estate team, except goalie

Kevin Davis, figured in the scoring as Vasey's registered a convincing 16 - 2 win over The Times.

Jerry Campbell and Brendan Berube were the top guns for the winners, scoring five goals each and assisting on a goal apiece. Other point-getters were Larry Sawyer, two goals and five assists, Doug MacNabb a goal and five assists, Dave Brown and Charlie Walters a goal and four assists each, and Barry Smith with a goal

and three assists.

Assists also went to Dennis Brule with a pair and John McAdam.

Ivan Ingram scored both goals for The Times. Ken Casey assisted on the first goal.

The final game of the regular season takes place on Thursday, February 7, at the Minden Arena. Hartwick Construction takes on Home Hardware at 9 p.m.

Admission to the game is free.

January weather

by Phil Graham

	C	F
Average high	-7.1	19.2
Average low	-17.3	0.0
Average for month	-12.2	10.0
Average for last January	-12.7	9.4
Highest temperature January 14	-1.5	29.3
Lowest temperature January 9	-34.0	-29.2
Snowfall	69 cm	27 in.
Rainfall (ice pellets)	3.6 mm	.1 in.
Total precipitation	72.6 mm	2.8 in.
Days clear or mostly clear	9	
Days with snow	21	
Snow on ground January 31	45 cm	17.7 in.
Snow on ground last January 31	67 cm	26.3 in.
Total snowfall to date	168 cm	66.1 in.

On the average January 1984 and January 1985 were about identical with only .5 degrees Centigrade difference in the average temperature, this January being the warmer. Snowfall was heavier this year, no heavy snow storms, just an inch or so day after day. Snow on the ground is a little less than normal due to all our snow having disappeared between Christmas and New Years. The snow on the ground at present is very light with very little water content.

NOTICE

IN THE MATTER OF the Municipal Act; and IN THE MATTER OF a proposed By-law of the Corporation of the Townships of Anson, Hindon and Minden to stop up, close and convey to the adjoining landowners part of the 66 foot 'unopened' Original Shoreline (Marine) Allowance for road around the shoreline perimeter of Mountain Lake.

NOTICE IS HEREBY GIVEN pursuant to Section 301 (1) of the Municipal Act R.S.O. 1980, as amended, that the Council of the Corporation of the Townships of Anson, Hindon and Minden at its regular meeting to be held in the Municipal Council Chambers, Milne Street, Minden on Thursday, March 14, 1985, proposes to consider and, if deemed advisable to pass a By-law to stop up, close and convey the above-noted portion of road allowance more particularly described as follows: -

ALL AND SINGULAR those certain parcels or tracts of land and premises situate, lying and being in the Township of Minden, in the County of Haliburton, being parts of Lot 7, Concession 8, in the said Township of Minden, designated as Parts 4, 5 and 6 on a Plan of Survey deposited in the Registry Office for the Registry Division of Haliburton as Number 19R-3217.

AND FURTHER TAKE NOTICE that before passing said by-law at the meeting to be held at the time and place mentioned, the Council shall then and there hear in person or by his Counsel, Solicitor or Agent any person who claims that his or her land will be prejudicially affected by the said By-law and who applies to be heard.

DATED at MINDEN this 1st day of February, 1985.

(Ms.) Beverley Anne Millar,
Clerk-Treasurer,
Townships of Anson, Hindon & Minden,
P.O. Box 98,
Minden, Ontario
KOM 2K0

Phone (705) 286-1260.

The plan of survey referred to herein is available for perusal at the Municipal Offices during normal business hours. (File 1-85)

The Lightweight Saw

Designed for the Heavyweights

The Stihl® 032AV was designed for professionals, farmers, foresters, contractors and anyone who needs a heavy-duty, lightweight chain saw. So, if your woodcutting needs are more than average, you need more than the average chain saw. Come try the Stihl 032AV.

Juveniles aim for Ontario championships

The Minden Juveniles are in top place in the first round of their "DD" playoffs after defeating the two other clubs in the series over the weekend.

Minden began the playoffs on a winning note defeating Little Britain 4-0 on Sunday, January 27. In the return match in Little Britain on Friday, February 1, Minden outpointed their hosts 8-2.

On Sunday Minden took on Pickering Village for the first time in the Round Robin playoffs. Their 9-4 win over the visitors not only put them in top place in the series, it assured them a berth in the next round.

In Friday's game in Little Britain, Minden built a 6-0 lead before Little Britain beat goalie Vince Duchene late in the second period. Scot Hamilton figured in all six Minden markers, scoring twice and assisting on the other four goals.

The other pointgetters in the first two periods were Boomer Stamp with a goal and an assist, Bernie Upton a goal and two assists, Barry Boice a goal and Tim Wood with a single goal.

Little Britain scored the final marker of the second period then opened the third with a goal but those were the only shots they could get past Vince Duchene who had a strong game in nets for Minden.

Barry Boice with his second goal of the game and Lennie Johnston rounded out the scoring with assists to Chris Laporte, Tim Wood, Gord Wood and one more to Scot Hamilton.

There was a large crowd of enthusiastic supporters in the stands at the Minden Arena on Sunday afternoon to watch the hometown

favourites take on a tough team from Pickering Village. The spectators were not disappointed as Minden outskated the visitors to take a 9-4 win.

Minden appeared to be on their way to a rout as they dominated the play in the first period scoring three unanswered goals but Pickering regrouped in the second fifteen minutes of action and the match turned into a seesaw battle.

Pickering scored three times in the period and would have tripled that tally if it had not been for the excellent goaltending by Kevin Smith who blocked shots from all directions and all angles.

By the time the smoke had cleared at the end of the second period Minden had scored four goals including a short-handed goal by Barry Boice, to go ahead 7-3.

Minden added two more goals in the third period while Pickering was only able to connect once to give Minden the 9-4 victory.

Barry Boice led the way for Minden scoring three goals. Scot Hamilton had another strong game scoring once and picking up four assists.

Other point-getters were Boomer Stamp with a pair of goals, Bernie Upton a goal and three assists, Captain Jeff Howe a goal and an assist, Chris Laporte a goal and Tim Wood with an assist.

Minden travels to Pickering Village this Wednesday, February 6 for the final game in the Round Robin series then begins a best two out of three series against Pickering on Sunday, February 10.

If last Sunday's game is any indication Minden

Minden Juvenile right-winger Barry Boice, snaps a shot over Pickering Village goalie Jeff Mason in a game played Sunday at Minden arena. Barry scored three goals including one shorthanded marker to lead his team to their third victory of the round robin playoffs.

should take the series and advance to the All Ontario Quarter Finals against Coldwater at the end of February.

The game on Sunday is tentatively scheduled for 6:30 p.m. at the Minden Arena.

Watch for posters around town for confirmation of the time and place.

Steven Stewart places third

Steven Stewart of Minden captured third place in the Pro Snocross event at the Dayco Bonnechere Cup race held in Eganville on Saturday.

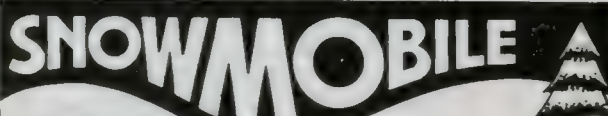

Driving the Prentice-Berry Race Team Skidoo, Steve impressed his

competitors and the fans as he took on some of the top drivers in the business.

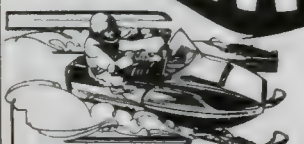

While the win was an important one for the team, Steve and his mechanics are looking forward to the Grand Prix

Laurent race that will be held February 9 and 10 in Valcourt, Quebec.

The event is held near the headquarters of Bombardier Limited and attracts competitors from throughout North America.

Mock battle staged near Lochlin

Saturday, February 2, 1985, 0:300 hours.

Two platoons under the command of Captain Howard Flood parachute into enemy territory southeast of Lochlin.

Their mission: To search out and neutralize a group of terrorists that has been carrying out raids across the border into Canada.

After landing on Miserable Lake, one platoon, commanded by Lieutenant Steve Brand, travels across country under the cover of darkness toward a suspected terrorist camp.

The second platoon under Lieutenant Peter Lmasmey carries out a similar mission searching for another rebel hideout.

After searching the area of the terrorist encampments the two platoons rendezvous late Saturday afternoon.

The troops rest for several hours then set out again on snowshoes in the direction of the main terrorist base.

As the sun breaks above the horizon on Sunday morning the platoons carry out a raid on the base then travel south on a 25 km trek to friendly territory near Kinmount.

This action described is not taken from the plot of a futuristic novel, but in fact was the scenario of the military exercises that were carried out this past weekend in Snowdon Township.

The two platoons were made up of 50 members of the Queen's Own Rifles (QOR), a Reserve Infantry Unit based at Moss Park Armouries in Toronto. Fifteen members of the Hastings and Prince Edward Regiment posed as the terrorists.

The QOR was recently given a new operational task by the Department of Defence to organize and train an airborne company. The Airborne-Airmobile Winter Training Exercise was drawn up by Army Intelligence to give the Reservists experience in combat against terrorists in winter conditions.

Helicopters were not available for the initial phase of the exercise so the troops had to walk to the drop zone on Miserable Lake in the early morning hours of Saturday.

Trucks and snowmobiles were used in support roles but the troops travelled mainly by foot on snowshoes hauling supplies on toboggans. The dawn raid on Sunday morning was carried out under the watchful eyes of military observers who assessed the effectiveness of the encounter.

The entire exercise was co-ordinated by Major John Hasek from a command post near Lochlin.

According to Major Hasek this was the first time

Lieutenant Martha Corker co-ordinates the movements of the troops in the field.

such manoeuvres have been carried out in Haliburton County. This area was chosen he said, "because it is good wild country and since it is a snowbelt we were fairly certain of getting good winter conditions."

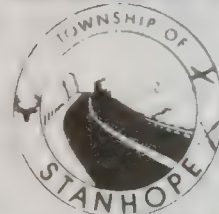

He added that the Reserve Infantry prefers to train in areas that are unfamiliar to the troops so that "they do not get stale." One of the foot soldiers who was familiar with the area was Lieutenant Steve Brand of Gelert who was instrumental in acquiring permission from the Ministry of Natural Resources to stage the training exercise on Crown Land near Miserable Lake.

Steve and his wife Jennifer are among the 22,000 Reservists across Canada who combine their civilian careers with military training. Unlike other countries in the western alliance, members of Canada's Reserves do not get time off from their civilian jobs or scholastic studies to take part in the reserve program.

The reservists therefore have to train in the evenings during the week, on weekends and during their holidays.

This meant that after engaging in several mock battles, and walking over 60 km through dense bush in sub-zero temperatures with only a few hours of sleep in a tent, the reservists had to return to their jobs or classes on Monday morning.

CORPORATION OF THE TOWNSHIP OF STANHOPE

PUBLIC NOTICE

TAKE NOTICE that the Council of the Municipal Corporation of the Township of Stanhope proposes to enact a by-law to stop-up, close and convey to the abutting property owners, those parts of the original allowance for road set out and described as follows:

FIRSTLY: All and Singular that certain parcel or tract of land and premises situate, lying and being in the Township of Stanhope in the County of Haliburton and being composed of part of the original allowance for road along the shore of Big Hawk Lake, lying in front of part of Lot 19, Concession XIV and being more particularly described as Part 2 on a Plan deposited in the Registry Office for the Registry Division of the County of Haliburton as Plan 19R 3212.

SECONDLY: All and Singular that certain parcel or tract of land and premises situate, lying and being in the Township of Stanhope in the County of Haliburton and being composed of part of Lot 19, Concession XIV designated as Road Allowance on Registered Plan 182 and being more particularly described as Part 3 on a Plan deposited in the Registry Office for the Registry Division of the County of Haliburton as Plan 19R 3212.

A COPY OF THE PLAN OF SURVEY as noted may be viewed at the Township of Stanhope Municipal Office during normal working hours.

THE PROPOSED BY-LAW will come before the said council for consideration at its regular meeting at the Municipal Office in the Township of Stanhope on the 6th day of March, 1985 at the hour of 11:30 a.m., and at that time, the Council will hear in person or by his counsel, solicitor or agent, any person who claims that his land will be prejudicially affected and who applies to be heard.

DATED: January 21, 1985.

Gerald C. Bain, A.M.C.T.,
Clerk of the Corporation of the
Township of Stanhope, R. R. #1,
Haliburton, Ontario K0M 1S0.

NOTICE TO THE PUBLIC REGARDING FOREST MANAGEMENT ON CROWN LANDS

The Ministry of Natural Resources has now prepared a draft forest management Operating Plan for Crown lands of the Minden District for the period from 1985 to 1990. The timber on designated areas of Crown land is grown and harvested on a sustained yield basis to provide employment and forest products for Ontario's economy.

This operating plan lists the stands to be harvested and the cutting methods to be employed. It also includes an estimate of the timber yields to be obtained and a timber sales programme for disposal of the timber to the forest industry. Provisions for the restoration of cutover lands to full productivity and for resolution of specific land-use conflicts are also contained in this operating plan.

Persons and organizations who wish to review and comment on this plan prior to its approval may do so up to and including March 8, 1985 by contacting the District Manager, Ministry of Natural Resources, Minden, Ontario K0M 2K0, telephone 286-1521. Those persons who made submissions following the June 1984 notice will be advised of the outcome to their concerns.

The residents of Staansworth Court spent a very pleasant evening January 30. They were entertained by Mrs. Grace Coburn and Mrs. Norma Barron.

Mrs. Coburn sang in her usual gracious way songs quite appropriate to our locale, beginning with "Bless This House". She also read from Edgar Guest's book of poems; some quite humorous and some more serious. Mrs. Barron (most capably) accompanied Mrs. Coburn on the organ.

The remainder of the evening was spent in socializing with these ladies and Mr. Coburn, and partaking in lunch prepared by the Staansworth ladies and the lunch convenor, Florence Lindsay. Due to Florence's illness, Melissa Hampson ably substituted for her.

Another evening of entertainment was most appreciated, Grace and Norma, from all at Staansworth Court.

Stanhope Neighbourhood Watch meeting at the Stanhope Firefighter's Hall on Thursday evening was a great success. A zone leader's meeting will be held February 7 and a general meeting on February 28 at 7:30 p.m. Everyone's participation would be appreciated.

Last Tuesday, January 29, Minden Rotary held their bingo night at the Minden Community Centre. Some people won several times - others, not at all. Winners of \$100 Nevada tickets were Margo Sisson, Joan Kernohan and Roy Sawyers. The last game of a full house for \$53 was won by Linda Hamilton. The next bingo night, February 26, will be a "chicken" bingo. ("If you can't bring a friend, bring a chicken," they said) Sounds like a fun evening.

We were all very sorry to hear our reeve Lyle McKnight is at present in hospital in Peterborough. We hope he will soon be well and back home with his family and friends very soon.

Winners in last Thursday's card party at St. Paul's Anglican church were, most lone hands Joyce Hewitt, others Martha Mansfield, Gladys Wruth, Sid Rowe and Joe Dollo.

The Library committee will meet in the library next Monday, February 11, at 7 o'clock.

At 7:30 p.m., the Share and Learn group will meet in the Library/Cultural Centre also on February 11.

There are still lots of

bargains left at St. Paul's Thrift Shop. The shop will be open after 1 o'clock on Friday.

Monday night winners at Club 35 weekly card party - most lone hands, George Alsop, high lady, Velda Harrison; high man, Art

Verbaan, while the door prize went to Don Smith. Other winners were Edith Russell, Elsie Hornby and Don Smith.

Sincere sympathy to the families and friends of Mrs. Jim Wilson, Mr. Morris McLachlan, Mr. Archie Long and Nancy Mason, who passed away recently.

A Visit To The Doctor

We sit and talk in the waiting room
And some times our minds are full of gloom.
We wonder what the Doctor will say,
We feel as though it's judgement day.
We know we've been eating too much once more
And the scales will show it the same as before.
Then at last it comes our turn
And we wonder what we are going to learn.
The Doctor's smile is cheery and bright,
It seems to fill the room with light.
He talks to us in a kindly way,
Then says he'll see us another day.
So why are we always afraid to come here?
We are lucky to have a nice Doctor so near.

Florence Robinson

senior league

by Bert Harrison

Saturday afternoon Carnival time, the Millbrook band entertained us in the auditorium, which was surely fine. Then Earl Cooper played the bagpipes, which we enjoy so much, he surely can play them, he really has the touch.

We didn't join in the carnival parade, we had no one to drive the bus. We were really disappointed, but didn't kick up a fuss. The weather was just perfect at carnival time. It makes such a difference when the sun does shine. It was the Kinsmen Carnival and I guess by the rumours we hear it was a real success.

Over the weekend here everything running fine. Relatives coming and going, nearly all the time. I go down to the nursing station with an excuse to soak my feet, I really go there, my nurse to meet. They always look so neat, especially Nurse Bailey, she always looks so neat and sweet, I could hug her daily.

Edna Cowan has gone again for a week's holiday, her roommate Lily Hogg is real lonesome while Edna is away.

Doris is still under doctor's care, won't be back until February the 4th day. Her sister Linda is carrying on loyally while Doris is away.

In the chapel service Sunday night the Thompsons, Ruth to play the music, Harold to read the lesson and lead us in prayer. Then Rev. Burgess, bless his heart, always has an interesting message to us impart. Sorry for Beth Parker, no she wasn't in a scrap, but fell somehow and busted her

knee cap.

Captain Guy Bomer and wife Linda of the Haliburton Salvation Army came down to Hyland Crest this lovely 29th January day. Conducted a very impressive service for us. Thank you for coming, we would like to say.

Linda showed us 3 movies Tuesday afternoon which was quite grand. Tattoo Sixty-Seven Tattoo, City Port London and Changing Greenland.

To entertain us Tuesday night came Everett Fairey and Terri Lyn. Played and sang so lovely for us. We thank them for coming and look forward for when they come again.

Wednesday morning at 8:45 the fire alarm went off, which gave us all a start. It is hard on people who have trouble with their heart. We have a fire alarm that rings without fail, but it is hard to go out in winter in your shirt tail.

Down at fun and fitness on this January day, Teddy

kid's korner

by Jean Lacey

Hi Kids!

Here is another puzzle for you with a word list. Look in the diagram of letters for the words given in the list. Find them by reading up, down, forward, backward and diagonally. They are all in a straight line and do not skip letters. Some have hidden words or sayings, some do not. Circle the words in the diagram and cross it off in the list.

It's as easy as that. Have fun.

Q: Where do jelly fish get their jelly?

A: From the ocean's currents.

Q: What is another name for a nursery?

A: Bawlroom.

Q: What are the names of Chief Running Water's sons?

A: Hot and Cold.

Carr won the dart game which we all did play. Playing bucket ball the day before, Wilbert Sisson had the highest score.

Thursday afternoon the lunch was brought in and served by members of the Minden Kinette Club. It was so good, you can almost taste it yet. We also had a birthday party for those who had birthdays in January with a birthday cake made by Yvonne Nye. It was so good you couldn't pass it by.

The bingo callers Thursday night were Larry Amyotte and Warren Payne. Thank you for coming boys, please come back again.

Friday morning down at fun and fitness playing horseshoes, which we have done many times before, Carrie Jones marked up the highest score.

Friday afternoon it was sing song time again. This first of February day Grace came to lead in the sing-along, Fred Ballard the music to play. Grace Coburn comes to us each week, seldom lets us down. We hope some day in that far off land she will wear a golden crown.

The better a woman looks the longer the man does.

**Sir Sandford
Fleming College
invites
NOMINATIONS
for
Fellowship in
Applied Education**

Sir Sandford Fleming College instituted this Fellowship to recognize citizens for outstanding community contribution through significant achievements in their vocation or avocation. Successful candidates have demonstrated, for example, strong personal initiative, concern, imagination and perseverance.

Nominees must work and/or reside in the counties of Victoria, Haliburton or Peterborough, or the town of Cobourg or the section of Northumberland county east of Highway 28 served by the College.

Nominations for Victoria and Haliburton counties should be directed to: Fellowship Chairman, Frost Campus, Sir Sandford Fleming College, Box 8000, Lindsay, Ontario, K9V 5E6. Nomination forms may be obtained at local Chamber of Commerce offices or by writing to the above address or telephoning (705) 324-9144.

Nominations for Peterborough county, or the relevant portion of Northumberland county should be directed to Fellowship Chairman, Sir Sandford Fleming College, Peterborough, Ontario, K9J 7B1. Nomination forms may be obtained by writing the above address or telephoning (705) 743-5610.

Nominations should be received prior to March 15, 1985. Fellowships will be presented by the respective campuses during Spring convocation ceremonies in Lindsay and Peterborough.

Farmers warned about 'silo gas'

On Tuesday evening, January 29, David Trudell, an Agricultural Engineer from the Ontario Ministry of Agriculture & Food, spoke to roughly 100 firefighters of the Victoria County Mutual Aid Association on the topic of "silo gas".

Mr. Trudell reported that the term "silo gas" is made up of various gases that are formed during the ensiling process and are squeezed out of the ensilage as it settles. The two dangerous gases are carbon dioxide and nitrogen dioxide. Being that both are heavier than air, they accumulate just above the surface of the ensilage. "As little as 200 parts per million of NO 2 is fatal", he noted.

The dangerous period is the first two or three weeks after ensiling. Mr. Trudell warned that approved self-contained breathing apparatus is needed to enter the silo at this time, except where the silo has been ventilated by a drop pipe and silo blower. Mr. Trudell also stressed that silo gas is not restricted to corn silage, but also to any hay-crop silage.

He reported that two young farmers in the Earlton area lost their lives due to silo gas from haylage.

Victoria Holstein Club

John Hope of R.R. 1, Lindsay was elected president of the Victoria County Holstein Club recently, succeeding Paul Ruth of R.R. 1, Omeme. Elected as vice presidents are Lloyd Wicks, of R.R. 2, Bobcaygeon, and Bill Harrison of R.R. 1, Omeme. John McMorrow of Oakwood continues as secretary-treasurer. The councilor from the club to the Regional Holstein Association is Paul Ruth.

Events this week:

Wednesday, February 6, 8:45 a.m. - Agricultural Credit Seminar, at Cobourg Motor Inn, Cobourg, sponsored by O.M.A.F. for Bank Managers and other lenders.

- Ontario Holstein Club Annual Meeting, in Ottawa.

- 7:00 p.m. Victoria County 4-H Club Leaders Supper & Meeting, at Lindsay Agricultural Office.

Thursday, February 7, 7:30 p.m. - Pasture Management Short Course, at

Omeme Legion Hall. This Course continues on Thursday evenings, February 14 and 28, and March 7 and 14.

Tuesday, February 12, 10:00 a.m. - Financial Management Information Seminar for Beef & Dairy Producers at Red Carpet Inn, Lindsay, sponsored by the T-D Bank, Lindsay. By invitation only - contact the bank in advance for an invitation.

tation.

- 8:15 p.m. Victoria Federation of Agriculture Meeting, Lindsay Agricultural Office.

Wednesday, February 13, 1:30 p.m. - Swine Herd Health Workshop, at Lindsay Agricultural Office.

- 8:00 p.m. Regional Corn Producers' Annual Meeting in Port Perry. Guest Speaker - Terry Daynard.

CHACE Place news

by Sue Milner

During the month of February, we are pleased to announce a number of speakers whose topics we know will be pertinent to you and your children. On February 6, Dr. Laurie Brown will speak to us at 1:30 p.m. on "Your Children and Pets".

We are very excited about the panel discussion which will begin at 10:30 a.m. on February 13. The topic to be discussed will be "Discipline" which is always a perplexing topic for many parents. Please come and share your thoughts and experiences with the panel. This presentation is being co-sponsored by the Haliburton Children's Aid Society.

Dr. Gordon Smith will join us on February 19 at 10:30 a.m. to share his Naturopathic approach to medicine.

We also would like to extend an invitation to you to attend our Volunteer Meeting on February 7 at 11:00 a.m. Volunteers are the corner stone of our organization and we need people to help with fund raising, the quarterly newsletter, program planning, memberships and any other areas of your expertise that you feel would assist us.

There is no need to commit yourself; just come and find out what we are all about.

CHACE Place will welcome Winter Carnival participants to join us the weekend of February 16 and 17 for coffee, hot chocolate and warmth. Hours will be Saturday 10:00 a.m. to 2:00 p.m. and Sunday 12:00 noon to 3:00 p.m.

Finally, February would not be complete without a Valentine's Day party on February 14 starting at 11:00 a.m. Please bring sweets to share with your favourite sweethearts.

Every Friday will feature outdoor activities. Dress for warmth and fun!

This just highlights a few of February's events. Please check the classified section of this paper for a full schedule of activities.

Please remember that we have other services available besides the drop-in centre. These include equipment rentals, a toy lending library, children's storybook and parent's reference library. All drop-in facilities and activities are free to the user but you must be a member of CHACE to sign out toys and books. Membership fees amount to a dollar a month per family paid annually. What a blast for a buck!

Home Support dinner meeting

by Donna Bailey

You are invited to attend our regular February general meeting which will be held at the Glamorgan Community centre, Gooderham on Friday, February 15 commencing with a 12 noon dinner at a cost of \$5.00 per person.

Our guest speaker following dinner will be Rosemary Berardi, the Administrative and Therapeutic Dietician for the Haliburton and Minden hospitals. Her topic will be "Nutrition" and related topics including menu planning, and budgeting.

A return bus service for

\$2.00 per person is available leaving the Minden arena at 10:30 a.m. and the Haliburton arena at 11:00 a.m. Please phone our office at 457-2941 by February 8 for dinner and, if required, bus reservations. Everyone is welcome.

The Haliburton County Home Support Services Drop-In Centre welcomes you to join in the card games that are held at 1:15 p.m. Mondays - bridge; Wednesdays - euchre; Fridays - cribbage. Whether you are a beginner or an expert you are always welcome.

Have a nice day!

HELP WANTED

HELP WANTED: As our present administrator is opening her own business in Minden we once again require a bright, dynamic, self starter to assume administrative duties and act under the direction of the Board of Directors. The ideal candidate will be able to type, have excellent organizational skills and the ability to work under minimum supervision, maximum pressure and have a high degree of flexibility. If this opportunity interests you, please send your resume or letter with qualifications in complete confidence, indicating hourly rate expected. This is presently a part time position that may grow, depending upon the ability of the applicant.

All the best to Velma in her new endeavour.

CARD OF THANKS

Haliburton Highlands Nordic Trail Association would like to take this opportunity to thank the participating private land owners and local businesses for their support and co-operation in making our venture a great success. 2A

The family of the late Helen Minto would like to thank everyone who sent flowers, cards and donations to the Cancer Society and the CAT Scan Fund. Many thanks to Lloyd Johnson who spoke at the service "you're a special friend", Dr. Jeff Lodenquai, nurses, and staff at Minden Hospital and Gord A. Monk Funeral Home for all their help at this hard time. But special thanks go to Dad and Mom Snell for being there when we needed you most.
Ian, Mary and Jennifer
